

# Tiefen-Messschieber mit Haken Depth caliper with single hook

### AUSFÜHRUNG

- Auflösung:  
digitale Modelle: 0.01mm / .0005"  
nonius Modelle: 0.05mm
- Maße können von beiden Seiten des Hakens genommen werden
- Messflächen sind feingeschliffen
- Gehärteter Edelstahl

### STANDARD ZUBEHÖR

- Batterie
- Garantieschein, Bedienungsanleitung, Prüfschein

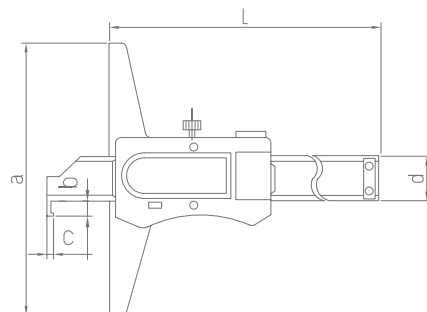

### FEATURES

- Resolution:  
Digital models: 0.01mm / .0005"  
Vernier models: 0.05mm
- The stationary measuring surface on the beam protrudes at right angles (measuring hook) to allow for the measurement of depths, internal groove positions, and other intricate characteristics
- Measuring surfaces are precision ground for accuracy
- Stainless steel, hardened

### STANDARD ACCESSORIES

- Battery
- Warranty card, instruction manual, test certificate
