MarGage 421

Optical flat

FEATURES

• **Package contains:** case

Application:

• For testing the flatness of high precision measuring surfaces (by the interference method) on gage blocks and measuring equipment and on precision components with similarly challenging surfaces

TECHNICAL DATA

Order no.	Type	Diameter	Thickness	Flatness deviation
		mm	mm	µm
4800135	421	100	20	0.1
4800140	421	45	11	0.1
