

Micrometer Heads with Large Thimble

Series 152 - Large thimble type for fine adjustment

These micrometer heads come with a large thimble, allowing you to make fine adjustments. They offer the following benefits:

- The large scale drum allows fine graduation and very easy rotation.

152-283

152-348

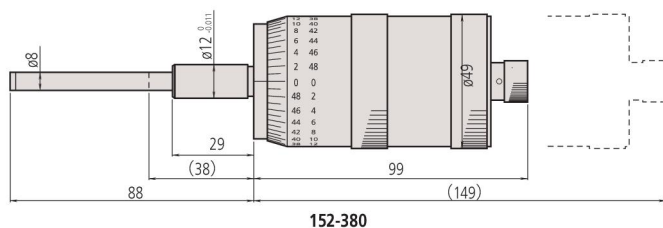

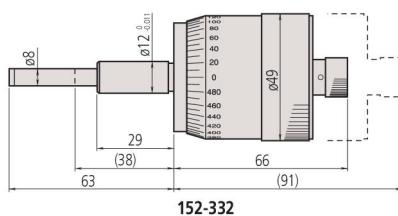

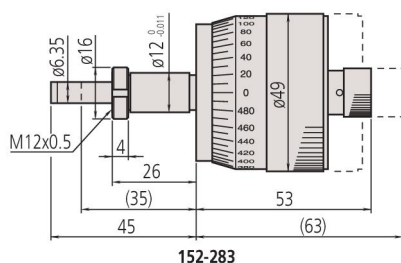

Metric

No.	Range [mm]	Maximum Permissible Error J MPE	Graduation	Spindle end	Spindle pitch	Stem Ø	Stem	Fixture thickness for clamp nut [mm]	Special features	Mass [g]
152-283	0 - 10	±2 µm	0,002 mm	Flat	0,5 mm	12 mm	w/ clamp nut	22,5	-	190
152-332	0 - 25	±2 µm	0,002 mm	Flat	0,5 mm	12 mm	Plain		-	310

Metric

Black and red scaling in both directions

No.	Range [mm]	Maximum Permissible Error J MPE	Graduation	Spindle end	Spindle pitch	Stem	Stem Ø	Special features	Mass [g]
152-348	0 - 25	±2 µm	0,002 mm	Flat	0,5 mm	Plain	12 mm	Bidirectional graduation	310
152-380	0 - 50	±4 µm	0,002 mm	Flat	0,5 mm	Plain	12 mm	Bidirectional graduation	460

(): with spindle full retracted
